VIBRA SYSTEM S.R.L. Vibratori H.F. e Convertitori H.F. ad alta frequenza Q

Qualità dei materiali VIBRA SYSTEM controlla costantemente i suoi prodotti con una attenzione particolare alla qualità dei materiali che li compongono. Acciaio verniciato a polvere, alluminio di qualità, gomme antiusura, abs antiurto per le scocche esterne, cuscinetti a sfera e resistenti componenti per i motori interni danno ai nostri vibratori il grado di affidabilità che appaga anche l'utente più esigente.
